Well, it's a huge clap for Eric Rodgers, our Treasurer, who did most of the legwork necessary to get our "sign-in" system working. I watched the system in

operation one recent Wednesday morning when a large group of members were entering to go to their Yoga class, and most of them hit the red card-reading line the first time! Well done, Ladies.....this innovation has dragged our club well into the 21st Century and will offer a much quicker and efficient means of keeping club records.

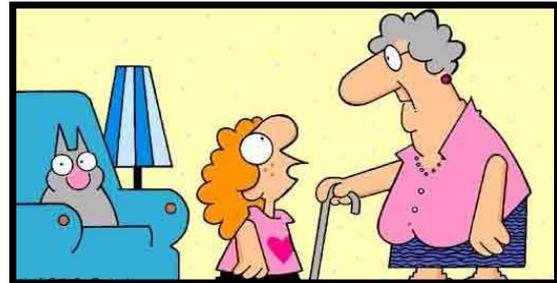

Another step forward is the inclusion of more of our activities as COVID regulations are relaxed. Another Computer class is beginning on 19/4/21 (the Monday schools go back); an additional Gentle Exercise class on Tuesday mornings (CAUSING A SLIGHT TIME CHANGE FOR THE FOLLOWING Chair Yoga group).

By the time you read this edition, probably there will be an additional Bowls group in action on Thursday morning; Mahjong will be meeting on Thursday afternoons again; and on Saturday afternoon the Gliders Dance will re-commence.

It's pretty chaotic in the office at the moment as the search goes on for a secretary (someone who is computer confident and can write letters independently), an assistant treasurer and a members' rep (committee member). If you want to know more about these positions, please talk to me (Betty) or Doone.

I've lost a couple of my COVID Marshals—one has moved to a Kincumber Retirement village and one had a fall which has left him with some medical problems. I wish them both well.

Bye for Now!.....bettybee

My teacher says little girls can grow up to be anything they choose. Why did you choose to be an old lady?

It's called **READING**. It's how people install new software into their brains.

A LAST HURRAH!

With most activities now running, it's time to close "Little SENIOR MOMENTS to keep you posted" as an occasional digital page and return to our original publications.

With a bit of luck I hope to have "HAPPY TALK" out by the end of June, and "Senior Moments" Newsletter in the following intervening months—July & August. Betty

ON BEING OLD!

- One good thing about growing old and having a failing memory is that I can enjoy the endless repeats of programmes like *Inspector Morse*, *Murder She Wrote*, and *Midsummer Murders*, because I can never remember whodunit. (Larry Simpkins)
